PAX CHRISTI INTERNATIONAL GLOBAL PEACE INITIATIVE

- A program of **Pax Christi International**, is a global movement to promote active nonviolence as a core principle of the Gospel. Nonviolence is central to the teachings of Jesus and vital to the mission of the Catholic Church. By fostering a culture of peace, justice, and reconciliation, PCI strives to heal and transform both human relationships and our planet. Guided by Pope Francis' vision and supported by a network of over 100 organizations worldwide, CNI works to integrate nonviolence into all aspects of Church life and to empower Catholics everywhere to embrace this path of love and truth.
